

## BT7888

### Wall Mounted Slide-Out AV Storage Tray

This product is made from the following materials:

Steel	98%
Polyamide	1%
Aluminium	0.6%
Stainless steel	0.4%

B-Tech AV Mounts is dedicated to making sustainable product choices that prioritise recyclability. We are committed to investing in a circular economy, where sustainability is central to every aspect of our operations. Embracing a sustainable approach is crucial in our efforts to combat global climate change.

#### Environmental footprint

Greenhouse gasses emitted into the environment during production of a product contribute directly to our planet's global warming. Using LCA software<sup>1</sup> we are able to calculate<sup>2</sup> the (potential) environmental footprint, measured in kilograms CO<sub>2</sub>-equivalent. This enables us to evaluate a product's footprint and support the design of sustainable products. By recycling our products the impact on the environment can be reduced as the recycled material replace the need to produce virgin materials.

BT7888							
	Steel	Polyamide	Aluminium	Stainless steel			Total
Material weight (g)	6076.0	38.1	35.7	23.0			<b>6173</b>
Kilograms CO <sub>2</sub> equivalent							
When not recycled	22.4	1.0	0.4	0.17			<b>23.98</b>
When recycled	13.7	0.6	0.4	0.1			<b>14.88</b>
<b>Total recycling reduction</b>							<b>38%</b>

#### Emitted carbon dioxide

To illustrate the impact of one kilogram of carbon dioxide, we've converted it into the equivalent distance a car would travel in kilometers.

#### with recycling

14.88 CO<sup>2</sup>  
**45.10 KM**

#### without recycling

24.06 CO<sup>2</sup>  
**72.90 KM**

\*8 litres of petrol per 100 km<sup>2</sup>
