

# Wall Mounted Fixed AV Storage Tray

## Installation Guide

- Storage tray fixes directly to the wall, ideal for mounting AV equipment behind a screen
- Suitable for a variety of different sized AV devices
- Max load: 10kg (22lbs)
- Max AV equipment size: 450 x 280mm (17.7" x 11")
- Low profile design - depth from wall: 32mm (1.25")
- Quick release mechanism, allows the tray to be removed without screen removal
- Suitable for a landscape or portrait installation
- Works in conjunction with a range of B-Tech flat screen and collar compatible mounts

## Installation Safety Instructions

**Caution:** This mount is intended for use only with the maximum weights indicated. Use with equipment heavier than the maximum indicated may result in instability causing possible injury.

Do not attempt to install this product until all instructions and warnings have been read and properly understood. *Please keep these instructions for future reference.*

Please check carefully to make sure there are no missing or defective parts - defective parts must never be used. B-Tech AV Mounts, its distributors and dealers are not liable or responsible for damage or injury caused by improper installation, improper use or failure to observe these safety instructions. In such cases, all guarantees will expire.

### General

B-Tech AV Mounts recommends that a professional AV installer or other suitably qualified person install this product. Great care must always be taken during installation as most AV equipment is of a fragile nature, possibly heavy and easily damaged if dropped. If you do not fully understand the instructions or are not sure how to install this product safely, then please consult a professional for advice and/or to install this product for you. Failure to mount this product correctly may cause serious injury or death both during installation and at any time thereafter. Do not mount any AV equipment that exceeds the specific weight limit of the product you are installing. This weight limit will be clearly stated on each product and its packaging and will vary from product to product.

### Product location

Please pay careful attention to where this product is located. Check load capacity of the wall prior to installation as some surfaces are not suitable for installation. Designed for indoor use, this mount is suitable for public or home installation. If located in a public or frequently populated area ensure that the product is out of the immediate reach of people. If any AV equipment is to be suspended over the likely path or location of people then great care should be taken to secure all parts of the installation from falling. When drilling holes it is essential to avoid contact with electrical cables and water or gas pipes contained within. Use of a good quality live wire detector and hidden object locator is therefore recommended. Only drill into structures when you are sure it is safe to do so.

### Fixing hardware

It is highly recommended that all fixing screws be used where supplied and that the purpose of all other fixing hardware is fully understood. In some cases more AV equipment fixing hardware will be supplied to accommodate different models of equipment and set up configurations. The installer must be satisfied that any supplied fixing hardware is suitable for each specific installation. The fixing kit supplied with the product may not be suitable for all walls. If any fixing screws or included hardware are deemed not sufficient for a safe installation then please consult a professional or your local hardware store.

### Hazard limitation

When routing cables take advantage of any built in cable management features that the product might provide and ensure that all cables are tidy and secure. Check to see that any moving aspect of the product can do so unhindered by any cabling. Some products have moving parts and the potential to cause injury through the crushing or trapping of fingers or other body parts. Particular attention to the nature of moving parts is required especially when assembling installing and adjusting during set up. Immediately after installation double-check that the work done is safe and secure. Double-check all necessary fixings are present and are of ample tightness. It is recommended that periodic inspections of the product and its fixing points are made as frequently as possible (no more than 6 months apart) to ensure that safety is maintained. If in doubt consult a professional AV installer or other suitably qualified person.

- CN B-Tech AV Mounts 建议本产品由专业AV安装人员或其他合格人员安装。B-Tech AV Mounts 及它的代理商、经销商不对由于不恰当的安装而造成的损失或伤害负责。本产品必须安装在合适的架构上，并仅用于不超过所标示的最大承重。
- CS Spoločnosť B-Tech AV Mounts doporučuje previesť instaláciu tohto produktu inštalátora AV či inak spôsobilé osoby. Spoločnosť B-Tech AV Mounts a predajci distribútorí a predajci nenesou zodpovednosť za škody spôsobené nesprávnou alebo zranení z dôvodu nevhodnej inštalácie. Tento výrobok je nutné umiestiť do vhodnej konštrukcie a používať ju po uvedenej maximálnej výške.
- DE B-Tech AV Mounts empfiehlt, dass dieses Produkt durch einen qualifizierten AV-Techniker oder eine andere Person mit geeigneter Qualifikation installiert wird. B-Tech AV Mounts, ihre Distributoren und Händler können nicht für durch fehlerhafte Montage verursachte Beschädigung oder Verletzung haftbar bzw. verantwortlich gemacht werden. Dieses Produkt muss auf einem geeigneten Untergrund montiert werden und darf nur bis zum angegebenen Höchstgewicht verwendet werden.
- EN B-Tech AV Mounts recommends that this product be installed by a qualified AV technician or other suitably qualified person. B-Tech AV Mounts, its distributors and dealers are not liable or responsible for damage or injury caused by improper installation, improper use or failure to observe these safety instructions. In such cases, all guarantees will expire. This product must be mounted on a suitable surface and may only be used up to the specified maximum weight.
- ES B-Tech AV Mounts recomienda que un instalador de audio y video profesional u otra persona debidamente cualificada instalen este producto. B-Tech AV Mounts, sus distribuidores y concesionarios no se hacen cargo ni se responsabilizan de ningún daño o lesión provocados por una instalación inapropiada. Este producto se debe montar en una estructura adecuada y se debe utilizar soportando solamente hasta el peso máximo indicado.
- FR B-Tech AV Mounts recommande de confier l'installation de ce produit à un installateur AV professionnel ou à une autre personne dûment qualifiée. B-Tech AV Mounts, ses distributeurs et ses revendeurs ne sauraient être tenus responsables de tout dégât ou de toute blessure résultant d'une installation incorrecte. Ce produit doit être monté sur un support approprié et utilisé dans la limite du poids maximum indiqué.
- IT B-Tech AV Mounts consiglia di affidare l'installazione di questo prodotto a un installatore specializzato o ad altra persona adeguatamente qualificata. B-Tech AV Mounts, i suoi distributori e rivenditori non accettano alcuna responsabilità nei riguardi di eventuali danni o infortuni causati da un'errata installazione. Questo prodotto deve essere fissato a una struttura idonea e utilizzato unicamente sino al peso massimo indicato.

Drill

8mm (17/64") masonry bit  
or 4mm (13/64") wood bit

Pencil

Spanner

Level

Suitable for loads up to 10kg (22lbs)

# Installation Notes

## Pre-Installation

The AV storage tray has been designed to be wall mounted behind a screen. The installer must choose a suitable location for the tray to avoid blocking any air ventilation on the back of the screen and that it does not prevent access to any screen plugs / cables, etc.

The storage tray can be mounted in either a portrait or landscape orientation by the side of the screen wall mount or, where space is limited, the storage tray can also be mounted over the top of the screen wall mount (see page 10).

When choosing a screen wall mount ensure that there is enough space between the screen and the wall for the storage tray and the AV equipment.

Minimum distance from behind the screen to the wall is 35mm (1.38").

**Note:** If required, use spacers from the screen mount to increase the distance between the screen and the wall. See Product Dimensions (see page 11) for reference & max sizes of the AV equipment.

# Installation Instructions

## 1. Attach The Handle & Screws To The Tray

i. Attach *item 4* to *item 1* using *item 5*.

Landscape Configuration

Portrait Configuration

ii. Fit *item 5* to the sides of *item 1*.

**Note:** Do not fully tighten *item 5*. Leave a gap of approx. 3-5mm (0.1"~0.2") for hooking *item 1* onto *items 2 & 3*.

## 2. Attach AV Equipment To The Tray

Place the AV devices on *item 1* and position them so that all cables can be easily connected. Use *items 7 & 8* to secure the equipment to the tray.

Portrait Configuration

## 3. Fix Wall Plates To The Wall

**Note:** As the product will be located behind a screen, determine a suitable location in conjunction with the screen wall mount before installing the product (see page 5).

- i. Mark and drill holes on the wall for *items 2 & 3*.
- ii. Fix *items 2 & 3* to the wall using *items A1 & A2\**.

\*Note: *Item A2* not required for wooden stud walls.

**Note:** Use a level to ensure the edges of the wall plates (*items 2 & 3*) are straight before fully tightening the wall fixings (*item A1*).

#### 4. Fix Wall Plates To The Wall

- i. Using *item 5*, hook *item 1* onto *items 2 & 3*.
- ii. After mounting *item 1*, tighten all *items 5*.

## Portrait Configuration

## 5. Connect Cables

Use the small cable ties (*item 6*) or the self-wrap strip (*item 8*) to tidy any cables to *item 1*.

\*Optional: For extra security in public places a padlock (*not supplied*) can be added to the installation.

# Alternative Installations

## Installing The Tray Over A Screen Wall Mount

Where wall space is limited, the storage tray can be mounted over the top of a screen wall mount.

Hook *item 1* onto the outside slots on *items 2 & 3*, installing the tray above the screen wall plate.

## Optional Fixing The Tray To A System X Rail

To install the BT7889 AV Storage Tray onto a System X BT8390 Mounting Rail use 2x BT6174 fixing kit (supplied separately).

Insert the sliding nuts into the rail, 2x in the top channel and 2x bottom channel and fix *items 2 & 3* to the rail.

## Mounting The Tray Onto A B-Tech Column

- i. Attach the screen mounting plate to a B-Tech column (BT8380/BT8381).
- ii. Above and below the screen mounting plate, fix items 2 & 3 to column using insert nuts (BT6174 supplied separately).

- iii. Fix item 1 onto items 2 & 3.
- iv. Mount screen over tray

## Mounting The Tray Onto A B-Tech Pole

- i. Attach the screen mounting plate to a B-Tech pole.
- ii. Using B-Tech accessory collars (BT7052/BT7841), fix items 2 & 3 above and below the screen mounting plate on the pole.

- iii. Fix item 1 onto items 2 & 3.
- iv. Mount screen over tray.
