SYSTEM X™ INTERFACE ARMS
WITH MICRO-ADJUSTMENT

The **BT8390-VESA400MAF** interface arms have been designed to securely mount medium to large screens onto System X horizontal mounting rails, ideal for creating videowalls and other multi-screen setups. The universal design ensures compatibility with all videowall screens and enables a wide array of configurations in landscape and portrait orientations. Effortless tooless micro-adjustment guarantees precise display alignment, all within an impressively slim 86mm* mounted depth, providing a sleek, close-to-the-wall installation.

SPECIFICATIONS

|	
Recommended screen size	**39" - 75"**
Max load	**50kg**
VESA® & non-VESA fixing	up to **400mm*** (vertical dimension)
Depth (using BT8390-WFK1)	**8.61mm** (+/-10mm depth adjustment)
Depth (using BT8390-WFK2)	**99mm** (+/-10mm depth adjustment)
Height adjustment	**+/-25mm**
